

PROCESS

Complete the ASQ and ASQ-SE with your child. Return it to Parent Link.

Parent Link staff score the questionnaire and will set a meeting time with you. Plus they will provide activities & ideas for the next step in your child's development.

If there are any developmental concerns the Parent Link staff will let you know how to get more help.

Children can experience a developmental delay at ANY stage in their growth.

A vertical graphic with a blue border. At the top, it says 'parentLINKcentre' in a small font. Below that, the word 'DEVELOPMENTAL' is written in large, green, outlined letters. Underneath, 'CHECK-UPS' is written in large, blue, outlined letters. The text 'Discover the Building Blocks of Learning' is centered in black. Below this, there are three colorful blocks (yellow, green, and blue) with the letters 'A', 'B', and 'C' on them. At the bottom, 'ASQ' and 'ASQ-SE' are written in large, green, outlined letters.

WHAT

The Ages and Stages Questionnaire

(ASQ) looks at children's development in five key areas:

- ◆ Communication Skills
- ◆ Gross Motor Skills
- ◆ Fine Motor Skills
- ◆ Problem-Solving Skills
- ◆ Personal-Social Skills

The Ages and Stages Social-Emotional Questionnaire

(ASQ-SE)

focuses exclusively on the social and emotional development of your child. This refers to your child's ability to interact with others and adapt to new and varying situations.

WHEN

Parents/Guardian can request the screening tool (ASQ and ASQ-SE) as young as 2 months to 66 months.

We recommend that Parents/Guardian complete a questionnaire every 6 months or a minimum of once a year.

WHERE

The ASQ and ASQ-SE is designed to be completed where you and your child are most COMFORTABLE.

You can do it: at home, at the Parent Link Center or a Parent Link staff can come to your home.

WHY

- ◆ Get a snapshot of your child's development at a particular stage. Great to include in baby books.
- ◆ Learn new & FUN ways to encourage your child's development, how they learn, their strengths and weaknesses.
- ◆ It encourages quality time for you and your child.
- ◆ It's Accurate ~ especially when YOU do it!

It's Easy!
It's Free!

- ◆ It helps you ensure your child is ready for school!
- ◆ Early detection of developmental delays make them easier to treat.

Regular Monitoring = Early Detection
